PARTRICK WETLANDS SAVED!

As you may have heard, ARS Partners, the Town of Westport, and the PWPF have worked out a settlement that saves the Partrick Wetlands. This agreement puts 22 acres of wetlands, bird sanctuary and woodland habitat into the hands of the communi-

ty to be preserved in perpetuity. No homes will be built in the Partrick Wetlands Preserve.

Only 13 houses will be built – a 58% decrease from the 31 houses originally

planned. All of the homes will be north of Poplar Plains Brook on the former mining area off Newtown Turnpike. None will be closer than 350 feet from any existing house.

Phase I of the PWPF efforts is now complete: the Partrick Wetlands will now exist forever thanks to your efforts in writing letters, attending hearings and meetings, and making generous donations.

Gov. M. Jodi Rell congratulates the community on a job well done. Pictured: Matthew Mandell, Director of PWPF; Gov. Rell; Sean Timmins, Co-Director of PWPF; and Sen. Judi Freedman.

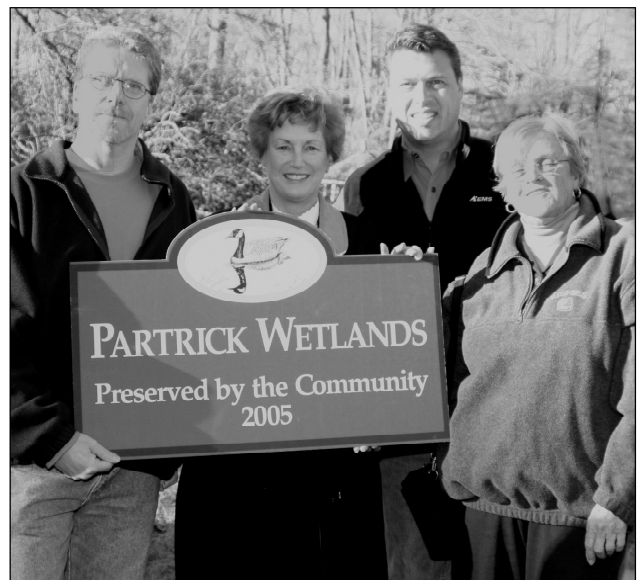

Phase II begins: The PWPF has initiated a search for an appropriate Land Trust or Nature Conservancy to steward the Partrick Wetlands now and into the future.

We still need your help. We have begun a fundraising effort to maintain and protect this beautiful property. Funds raised will assist with:

- Current and ongoing legal expenses
- Insurance and maintenance
- Creation of trails.

Please send a tax-deductible donation. Your gift will go directly towards a known end – the protection of what we have fought for and saved.

Thank you again, and wishing you all a happy and healthy holiday season and New Year.

Yes! I support the Partrick Wetlands Preservation Fund.
